

EARLY CHILDHOOD CENTRE (Timberlea Campus)

ABC's and 1-2-3's

We invite you to take advantage of a unique opportunity to partner with Halifax Christian Academy so your toddlers and preschoolers receive the blessing of being cared for and nurtured by our experienced team. With a long history of success, and with infusion of Christian values, our play-based learning program will be a blessing to your family.

OUR PROGRAM

At HCA Early Childhood Centre we believe in development of the whole child through hands on and structured learning. Our dedicated Early Childhood Educators spend time with the children to find out their needs, interests and capabilities in order to develop a program suited to each individual child. With a dedicated support teacher on staff we are able to provide one-on-one instruction for children with unique needs. We currently provide the following programs: Toddlers - 18 to 36 mos, Preschool - 3 to 5 years, Jr. Primary - 4 years and Primary - 5 years.

OUR LEARNING ENVIRONMENT

Our facility offers bright and spacious classrooms, a large gym for indoor gross motor development, a fully equipped playground, outdoor space for ball hockey and basketball, and a large wooded nature playground with mud kitchen and rock climbing. Our staff is nurturing and creative and enjoys spending time with and engaging the children in various activities indoors and out. We believe that children learn through various methods and so we incorporate several types of learning techniques to meet the children's needs.

OUR SUCCESS

Our success comes through helping children develop in all skill areas including social, cognitive, emotional and physical. Through hands on and structured bible-based learning, in a loving and safe Christian environment, your child will receive elementary preparatory skills to help them succeed in school. Our licensed facility offers very low rates and through government grants we can provide subsidized tuitions to qualifying families. Please call us to arrange a visit and to learn more about what we can offer your family as partners in learning.
